

## DOKEYS STAGED BIG CEREMONIAL

Candidates Initiated  
at Drumright by Ben  
Hur Temple

## GIVEN BIG RECEPTION

Keys of City Are Surrendered to Fraternal Order  
by City Authorities

The part of many motors in uniting about midnight Tuesday probably caused more than one sleepy inhabitant of the farmhouse along the highway between Tulsa and Drumright to look out of his window to see if perhaps the Ku-Klux Klan was again abroad.

It was not any who did this, however, to the windows of the farmhouse, they did not see the white-robed figures of any klansmen, but rather it was the eyes of Ben Hur Temple, who had been awakened by the black-robed figures of more than one hundred members of the local Ben Hur temple of the fraternal order of Knights of Khorassan, who were in the ceremonial at Drumright Tuesday afternoon when the keys were conducted over the highway to the Khorassan order.

As Drumright has no D. O. K. K. chapter, the members were taken in the Ben Hur temple and more than 250 members of Tulsa Dokeys rode over the road to the neighborhood of Tulsa shortly after noon Tuesday and returned by the same route about midnight Tuesday night.

The Tulsa delegation was given a rousing reception by the Drumright order, and members of the eight chapters and members of the Drumright order, Knights of Pythias, and the keys of the city were thrown into the air. A large parade headed by the Ben Hur temple's 25-piece band and large drill team was staged at 10 o'clock in the evening through the principal streets of the city.

A large chicken dinner served by the Pythian sisters of Drumright followed.

Beginning at 7 o'clock and lasting till almost midnight the weary and footsore tyros were guided through the burning hot sands and over the mountain by paths through which they were finally landed safely in the blessed oasis of Khorassan.

The ceremonial was said to have been one of the most successful ever staged for out-of-town tyros by Ben Hur temple, and will initiate a program several such journeys to nearby towns during the year. A ceremony will be held by Ben Hur temple at Sand Springs in the near future, it was announced.

## Common Sense About Eczema and Eruptions!

Here's Something About S. S. S. That You'll Be Glad to Hear.

You might just as well know it right now—the cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There's no getting away from it. Science has proved it. We prove it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't common sense to simply treat the skin.

A bottle of S. S. S. will prove to you that the impurities which cause eczema, pimples, blackheads, boils, blackheads, and other skin eruptions, are driven out of your system by S. S. S. Your eyes sparkle, your complexion clears, it becomes beautiful. Your face looks like that of a healthy man, or if you are a woman, your complexion becomes the real kind of a healthy woman's complexion. S. S. S. is a powerful body builder, because it builds new and more blood.

That's why it fills out sunken cheeks, lony looking faces, helps you lose flesh. It costs little to get it, but it's worth a lot. S. S. S. is not at all drug-like in its action. The better it is in the more economical.

Let S. S. S. Give You An Angelic Skin!

JOHN BOYD, arrested here several days ago by deputy sheriff, when he was found in possession of a quantity of booze, and later identified as Keith Nix, wanted in Lawrenceville, Ga., for bank robbery, was charged with adultery in an information filed Wednesday before Justice J. T. Thompson. Boyd and Lillian Ensey Hight, a married woman, who is charged jointly with him, pleaded not guilty when arraigned Wednesday morning. They were committed to jail under a \$5,000 bond pending preliminary hearing, which was set for March 23. Boyd was already under a fugitive from justice charge, but he had filed a habeas corpus petition in regard to this. Under the adultery charge he can be kept in jail until the Georgia authorities arrive here, which will be by Saturday, according to the sheriff.

O. E. WHEATZ, display manager for Halliburton-Abbott, has gone to Hutchinson, Kan., to judge the windows in a fashion show now being conducted by merchants of that city. Wheatz judged a similar contest in Hutchinson last year. Before his return he will visit the recently completed store of Gloyd-Halliburton company of Oklahoma City.

## BALLOT COPY IN PRINTER'S HANDS

Mrs. Seaman Does Not  
Expect Delivery Before  
Next Monday

Copy for primary election ballots is now in the hands of the printer, Mrs. Frank Seaman, city auditor, announced yesterday. Because of the large number of changes that must be made by the printer and the necessary time involved in making these changes to conform to local requirements, Mrs. Seaman does not expect delivery by the printer before Monday, she advised.

The order includes 12,000 precinct ballots for the nomination of city officials and the same number for nominations for trustees of the board of education of this total, 2,500 are to be completed and 1,500 delivered by the printer. For the municipal water commission 12,000 ballots were ordered. The total number of official ballots to be printed is 47,000. According to law, sample ballots must be printed in an amount equal to ten per cent of the total number of official ballots, or 4,700.

Submit Proof Thursday.

According to J. T. Keefe, chief clerk in the auditor's office, printer's proofs of the ballots are to be submitted Thursday morning for approval. Until corrections, if necessary, are made in the auditor's office, candidates may withdraw their names and have them omitted from the ballot, but after the proof is returned to the printer with orders to proceed with the printing, this will not be possible.

In the event that candidates withdraw from the contest after ballots have been printed, it will be necessary for precinct election officials to place blank stickers over such names before passing ballots to voters, Keefe said.

Gummed stickers have already been ordered to be prepared for an emergency such as this, and will be ready after the ballots have been printed.

City Attorney Frank E. Duncan said Wednesday those stickers are not necessary, even though candidates do withdraw. Using his opinion on the state election law, Duncan advised that if a candidate gives written notification to the city auditor of his withdrawal, it is the duty of precinct election officials to so notify each voter before he casts his ballot, and that if stickers are placed in front of the name of a candidate who has withdrawn, such action becomes illegal.

Treats All Aches.

The recent extra issue required by the printer to produce the ballots is a convenience in the state election law, which requires that each candidate must submit the list of candidates for the office
